Introduction

[About This Document]

This document explains the setting method when using MotionBoard Cloud mobile application (iPad version).

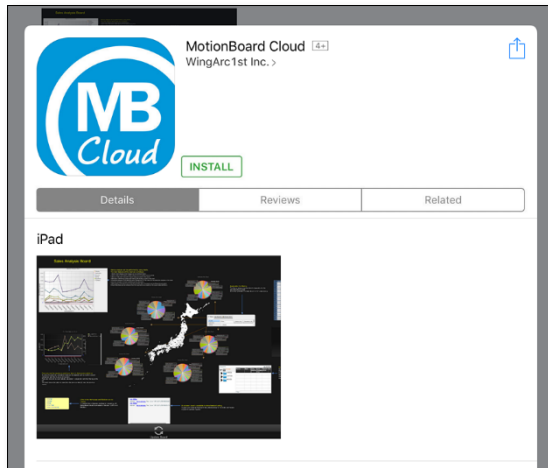

Table of Contents

- 1 . Installing MotionBoard Cloud Mobile App (iPad Version)
- 2 . Selecting Service to Use
- 3 . Logging in to MotionBoard

1. Installing MotionBoard Cloud Mobile App (iPad Version)

Access App Store and enter "MotionBoard Cloud" on the search screen.

When "MotionBoard Cloud" is displayed, install it.

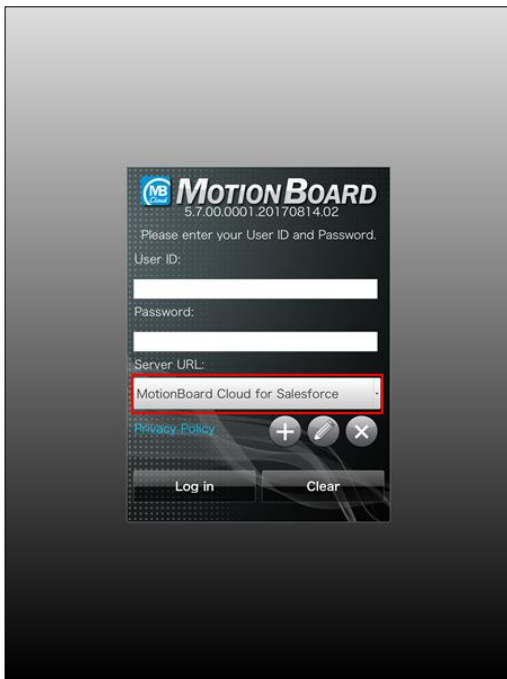

*When you search "MotionBoard", multiple applications will be displayed. Be sure to install "MotionBoard Cloud."

2. Selecting Service to Use

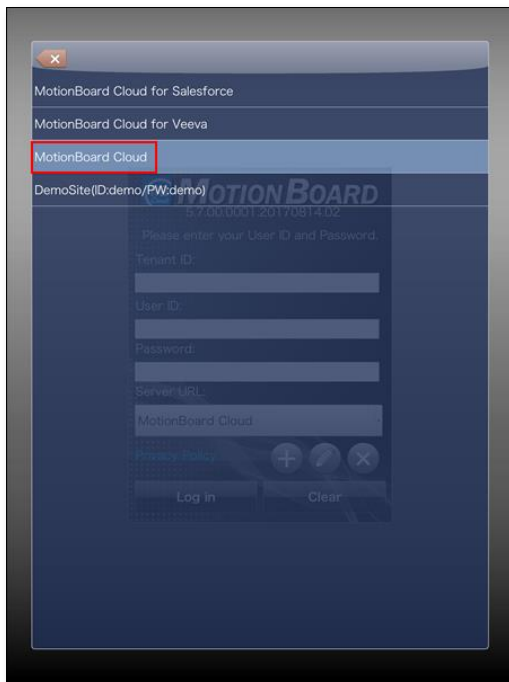

1. On the iPad screen, tap the MotionBoard Cloud mobile app that you installed.

2. Tap **Server URL** drop-down menu on the login screen.

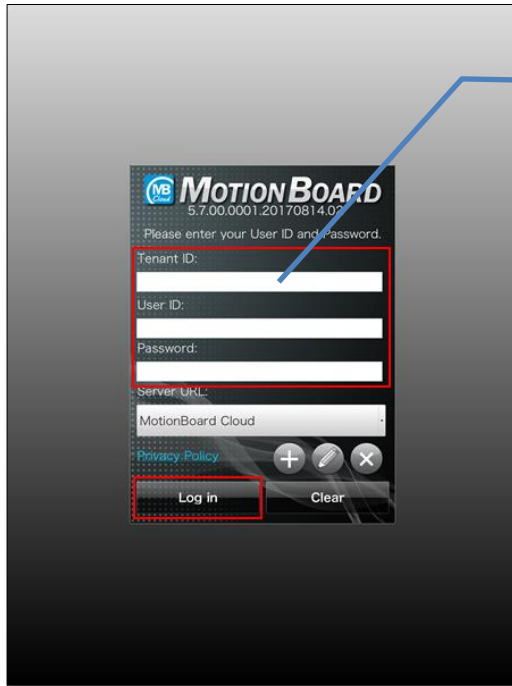

3. Select the service you are using from the followings.
- MotionBoard Cloud for Salesforce
 - MotionBoard Cloud for Veeva
 - MotionBoard Cloud

3. Logging in to MotionBoard

1. On the login screen, enter the same **Tenant ID**, **User ID** and **Password** as when you log in to the PC version and click the **Log in** button.

Tenant ID, User ID and Password
Enter the same tenant ID, user ID and password of MotionBoard Cloud as the PC version.

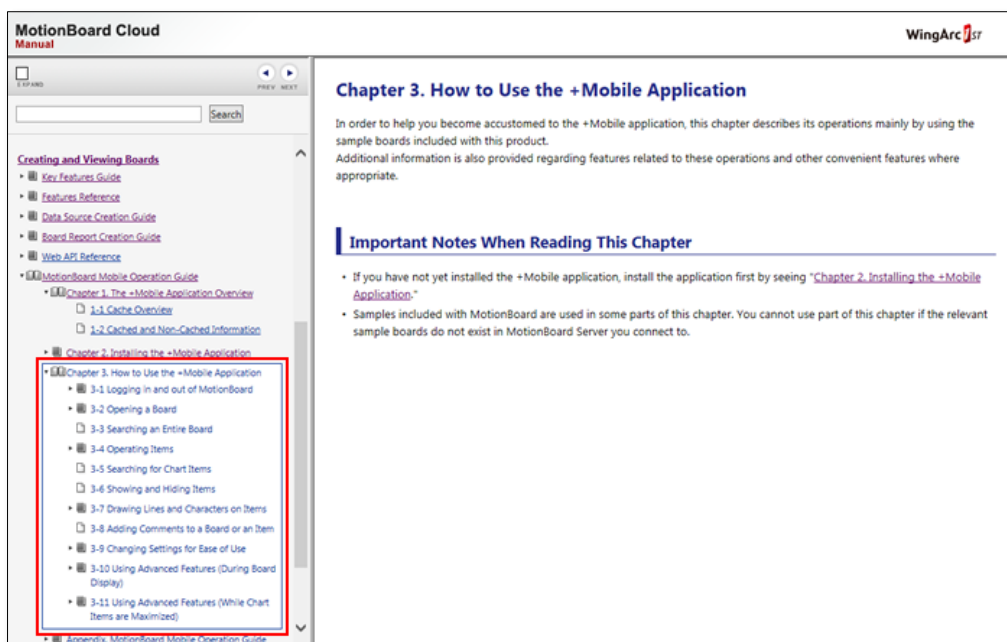

2. Once you have successfully logged in, settings are now completed.

For operation method, see online manual of PC version.

To see the online manual, click **Online Manual** from **Help** at the top of the screen on PC version

See "Creating and Viewing Boards - MotionBoard Mobile Operation Guide - Chapter 3. How to Use the +Mobile Application" in online manual.
